

## A Ciba Expert Services Seminar

### Hands-on REACH

Tarrytown, New York, USA, April 16, 2008

#### Event Summary

Implementation of REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) is already upon us with pre-registration requirements less than 6 months away. Do you know how it will impact you? Given the significance of REACH, we acknowledge the abundance of information sessions and conferences dealing with the implementation of this complex regulatory program. What makes this event unique and essential is that we won't just tell you what you need to know, we'll tell you what you need to do!

This intensive training session will not only provide you with an overview of the work you have to do during 2008 to gain the advantage of the extended deadlines for existing chemicals, it will also concentrate on the preparation of the documents needed to fulfill registration requirements. It will provide you with details on hazard and risk assessment. The seminar will train you on how to prepare the technical documents, how to work with IUCLID5, and how to assess safe use. Through case studies and practical examples, this interactive seminar will help EHS Specialists, Product Safety and Regulatory Advisors, Product Stewards, Technical Experts, Toxicologists and R & D Scientists and Managers to understand what is necessary and the tasks they will face over the next several years with the implementation of REACH.

#### Why Participate?

- Learn about the present status of the legislation
- Consolidate strategies
- Understand data sharing principles
- Gain knowledge of CSA/CSR
- Improve and consolidate your knowledge on risk assessment
- Understand waiving of tests
- Learn about IUCLID5

This event also gives the opportunity to communicate face to face with European experts in toxicology and risk assessment. These expert practitioners have hands-on experience dealing with clients and their REACH interpretations.

#### Who should participate?

- EHS Specialists
- Product Safety and Regulatory Advisors
- Regulators
- Product Stewards,
- Technical Experts,
- Toxicologists,
- R & D Scientists and Managers

This is an excellent opportunity to improve your understanding of the basics of REACH and to gain practical experience. Get the info you need first hand from the experts that are making it happen!

#### Speakers

- Dr. Marc Thouin, Global Head of Regulatory Services - Ciba Expert Services, Regulatory Services, Switzerland
- Dr. Joyce Borkhoff, Head of Regulatory Services - Ciba Expert Services, Regulatory Services, Canada
- Dr. Heiko Grosenick, Head of Notifications - Ciba Expert Services, Regulatory Services, Switzerland
- Drs. Ineke Gubbels, Global Head, REACH compliance - Ciba Expert Services, Regulatory Services, Belgium

## Hands-on REACH

Tarrytown, New York, USA, April 16, 2008
